# SIROCCO TEA

In 2009, the Swiss family business decided to launch 100% organic certified tea with high standards and great attention to detail.

Handcrafted tea sachets; All teas selected for the Sirocco range are packed in fine, handcrafted sachets made of biodegradable materials. Containing no glue or staples, each sachet is individually hand-sewn with non-bleached cotton thread and expresses the love and passion our employees bring to what is, effectively, a miniature work of art.
